Re: STRICKLAND vs. FIERS
No. 41396-C

Gentlemen:-

You will recall that in the settlement of the above case Mr. and Mrs. William M. Strickland agreed to assume, pay and satisfy all the claims against the vessel "CAPT. BAE STRICKLAND" or against the partnership incurred at the Port of Panama City or north of Cedar Keys, Florida and Mr. and Mrs. Charles O. Fiers would assume, pay and discharge all the other claims pertaining to the vessel and partnership incurred south of Cedar Keys, etc.

Part of the settlement was that the bait stored at the Standard Ice Company, St. Andrews Station, Panama City, Florida was turned over to your clients and they were to pay the storage. Evidently Mr. and Mrs. Strickland have not taken this fish bait and the Standard Ice Company is still billing Mr. and Mrs. Fiers for the storage which is embarrassing to them.

The Panama City Publishing Company, Panama City, Florida has also mailed a bill to Mr. Fiers for cards printed by Capt. Strickland there.

Will you kindly ask Mr. and Mrs. Strickland to take care of this matter in accordance with their agreement and save my clients further embarrassment.

Incidentally the name of the vessel has been officially changed to "MISS JUDY" and her home port from Pensacola to Tampa.

Very truly yours,

Burton G. Henson
